SUMMARY/OBJECTIVE

Motivated and eager-to-learn IT graduate with knowledge in Java, Android development, and basic backend technologies. Interested in DevOps and cloud technologies, with strong willingness to learn CI/CD, Linux, automation, and cloud infrastructure. Seeking an opportunity to grow as a DevOps Engineer Intern

EDUCATION

IT STEP Academy - PhnomPenh

Diploma Software Development | 2023-2026

HengTong Chinese School

Graduated | 2015-2019

Hunsen ChakAngre Highschool

HighSchool Graduated | 2014 | 2020

TECHNICAL SKILLS

Programming

- Java
- Kotlin
- SQL
- PHP
- JavaScript

Database

- MSSQL
- MySQL
- Supabase

Tools & Technologies

- Git & GitHub
- Linux Basics

ACADEMIC PROJECTS

Borgo — Food Ordering Android Application

- Tech Stack: Spring Boot, Android (Java), MySQL
- Developed a food ordering mobile application with Android frontend and Spring Boot backend.
- Implemented product listing, item detail views, shopping cart, and order management features.
- Designed backend APIs and integrated MySQL database for real-time data handling.
- Collaborated on frontend-backend integration and application testing.

SoundCore — Digital Audio Marketplace

- Tech Stack: Spring Boot, Android (Java), MySQL
- Developed a food ordering mobile application with Android frontend and Spring Boot backend.
- Implemented product listing, item detail views, shopping cart, and order management features.
- Designed backend APIs and integrated MySQL database for real-time data handling.
- Collaborated on frontend-backend integration and application testing.

WORK EXPERIENCES

GoldFame Factory Co.,LTD

Merchandise Junior

2021-2022

- Prepare and organize garment samples for production and client review
- Inspect fabric and finished products to ensure quality meets required standards
- Maintain records of samples, materials, and quality checks

CFD Capital

IT HelpDesk

2025

- Assisted users with technical issues and troubleshooting
- Communicated clearly with customers to resolve problems
- Maintained a professional and helpful attitude

SOFT SKILLS

- Problem-solving
- Team collaboration
- Fast learner
- Adaptability
- Responsible and reliable

LANGUAGES

- Khmer
- English
- Chinese

Student Name:	CHOU Monyrih	Date of Admissio 16th February, 2023
Phone Number:	093303678	Date of Completion: 27th February, 2026
Gender:	Male	Programme: Software Development
Nationality:	Cambodian	Issued date: 15th March, 2026

Term	Date of Exam	Subject	Points	Grade	Course duration in hours
Term 1					
	16-Feb-23	Foundation Course	10	A-	11
	31-Jul-23	CISCO IT Essentials course	12	A+	91
	12-Aug-23	Programming language C++ / Fundamentals	10	A-	93
Term 2					
	1-Jan-2024	Object-Oreinted Programming Using C++	9	B+	80
	14-Jan-2024	Programming Language C#	9	B+	48
	19-Mar-2024	Applications development using Windows Forms	6	C+	56
Term 3					
	28-May-2024	Object-Oriented Design Using UML and programming patterns	10	A-	22
	27-May-2024	Theory of Data Basus. MS SQL Server programming.	11	A	29
	6-Jul-2024	Database access technology ADO NET	11	A	29
	22-Jul-2024	System Programming	9	B+	22
	30-Aug-2024	Creating Web pages using HTML and CSS3	9	B+	22
	22-Sep-2024	Network Programming	9	B+	22
	22-Sep-2024	Software/IT Project Management	8	B	14
Term 4					
	22-Jan-2025	Javascript Programming Language and jQuery library	11	A	36
	18-Jan-2025	Web Application Development with ASP.NET and AJAX	10	A-	58
	22-Jan-2025	Web applications development with Angular and React	10	A-	29
	21-Mar-2025	Backend development with PHP, MySQL and Ajax	12	A+	43
Term 5					
	8-May-2025	AWS: cloud solutions for applications development	11	A	22
	8-May-2025	Programming technologies Java and Oracle DBMS	9	B+	65
	9-Jul-2025	Android Mobile applications development	9	B+	29
	26-Sep-2025	Java Course Project	12	A+	22
	3-Sep-2025	Game development with Unity	12	A+	22
Graduation Project			11	A
